Public Forum

Ian Johnson spoke on the amended plans for the New Wilsey / NE Haverhill Development

1. Welcome the additional rights of way as part of the positive development of the Country park, enhancing the quality of life of present and future residents of Haverhill
2. Still will be looking for the 2/3 metre wide footpaths mentioned in the revisions, to require no wider breaks when they cut through the woodland, and to be s shaped so as not to break up the integrity of the tree line.
3. The revised layout of roads still shows 1 Hectare of woodland removed for housing, contrary to the principles of Haverhill 2031 Vision
4. Chalkstone access road not being opposite Millfields Way and the added congestion and dangers as a result is still a point of objection, as is the unsafe access to the country park car park off Coupals Road
5. It is welcomed that the revisions still maintain the integrity of the Country Park and links with the East Town Park and that is a principle to be fully supported.
