# 2 – Budget Report – Haverhill Town Council

The following notes should be read in conjunction with the Budget report in section 1 above. Minus figures below means we are better off than we might have expected, had we correctly forecast what our financial situation would be.

The condensed budget report provides an overview of the Council's financial situation as at 30<sup>th</sup> September 2015.

### Items to note:

- 101 Administration the transfer of £300k from 101 expenditure to 300 Arts Centre Income has been made and represents all 12 months of funding for the Arts Centre. Subtracting 6 months of that expenditure from the YTD actual leaves £316,000 as the corrected expenditure, which is very close to budget.
- 2. 200 Art & Leisure expenditure is slightly under budget with all the summer events completed, so this looks fine.
- 3. 300 Arts Centre expenditure is running below budget. This may be in some part due to the panto season skewing the annual budget profile away from 12/12ths, but reflects a belief that savings are being achieved where they can be.
- 4. 400 Community is overspent as it includes £25k for Haverhill Gymnastics, which will be balanced at the end of the year from the earmarked reserve where it is held.
- 501 Youth Co-ordination is the Apprenticeships scheme which has now placed over 80 apprentices directly and created 100+ apprenticeship opportunities locally. The delay in funding arriving until this financial year meant the funding gap between November 2014 and March 2015 was met by town Council funds. We are

researching possible funding routes for this, including talking to the recently launched Suffolk-wide scheme. If no funding is found this project will run out of DWP funds at the end of March.

 600 Bevan House – This has needed some health and safety related expenditure on it so actual expenditure is rather ahead of what we had anticipated. Income is also up, although we do not yet have any tenants secured for 2016/17.

## **3** – HTC Bank Reconciliation for financial period ending **31**<sup>st</sup> July 2015.

We now have an online banking facility. This means we can produce daily bank statements and set up BACS payments. We need to draft rules for how this can be governed. Having online access means we can also do daily bank reconciliations so any fraudulent cheques can be spotted quickly and reported to the bank.
